The Classic Czech Pub Crawl

Only four pubs but a lifetime of drinking. All four of these pubs are Pilsner Urquell tank pubs and serve the mother's milk of lagers, un-pasteurized Pilsner Urquell. And all four offer a traditional beer hall feel. These are popular places and close early (23:00) except for the last one which is open until 04:00. I recommend having an early lunch at the first, dinner at the second, and dessert (Pilsner) at the third, and more beer at the fourth.
